Biological Hazards:

Biological Hazards:

Electrical Hazards:

Electrical Hazards:

Other Hazards:

Other Hazards:

Other Hazards:

Other Hazards:

WHAT IS PSYCHOLOGICAL ASSESSMENTS ?

Psychological assessment is a structured process of gathering information about an individual's psychological functioning, personality traits, and emotions. It involves interviews, questionnaires, and standardized tests to understand their strengths, weaknesses, and overall well-being. Qualified professionals, like licensed psychologists, conduct the assessments following ethical guidelines to ensure privacy and confidentiality. The results guide diagnoses, treatment planning, educational support, and suitability assessments for specific roles.
